

AUSSIE QUIK PRIME

6" TRAILER OR SKID MOUNTED TRASH PUMP (QP-60TD)

QP-60TD/D1105

Features

- Huge 4,200 litres per minute flow with 6" suction and discharge multi-position ports
- Self priming from a depth of 7m
- Max head 35 metres
- Reliable, low maintenance, 24.8HP Kubota water cooled, three cylinder diesel engine with electric start (battery not included)
- Built in safety shutdown for low oil pressure and high water temperature.
- Emergency stop button
- Abrasion-resistant, oil lubricated tungsten/carbide seal system
- Easy removable, cast iron dual passage volute
- Abrasion resistant cast ductile iron, open/multi-vane impeller
- Easy clean-out port can be removed in seconds
- Heavy duty skid with lifting bar. Site trailer or registerable road trailer option also available
- 60 litre fuel tank incorporated in base of skid
- Metal strainer included to prevent entry of oversized solids
- Pump mechanical seal and pump bearings feature accessible sight glass to check oil levels
- All pump hardware is corrosion resistant and all interior water passages are obstruction free
- Comes complete with nut & tail for inlet/outlet

Engineered to meet the requirements of professional contractors, rugged and dependable, these diesel powered trash pumps are ideal for de-watering applications with high solid content.

Applications:

- De-watering
- Tailing dam pump out
- Public works
- Slurry pumping

Benefits

- » Fast de-watering for even large scale jobs
- » Quick and easy to set up pump ready for work
- » Makes it ideal for de-watering duties even over distance
- » Loads of power, readily available parts and service
- » Protection for both the operator and the engine
- » Extra safety
- » Extended seal life, cuts maintenance costs
- » For quick priming, minimal clogging and long life
- » Abrasion resistant and capable of passing solids up to 40mm in diameter
- » Blockages can be cleared without removing connected pipes and without special tools
- » Simplifies transportation on site
- » Running time of approximately 10 hours
- » Prevents clogging and subsequent maintenance
- » Enables quick checks to ensure lubricant levels correct
- » Extends pump life
- » Camlock & Bauer fittings optional extras

AUSSIE QUIK PRIME

6" TRAILER OR SKID MOUNTED TRASH PUMP (QP-60TD)

Construction:

Front case	30 grey iron
Impeller	SG cast iron
Volute	SG cast iron
Back plate	30 grey iron
Mechanical seal	Oil lubricated silicon/ tungsten carbide
Outlet	30 grey iron
Casing bolts	high tensile steel
Yoke bolts	high tensile steel
Check valve	moulded neoprene with steel reinforcement
Priming & drain plugs	steel
Casing, priming & drain plug o-ring	rubber compound

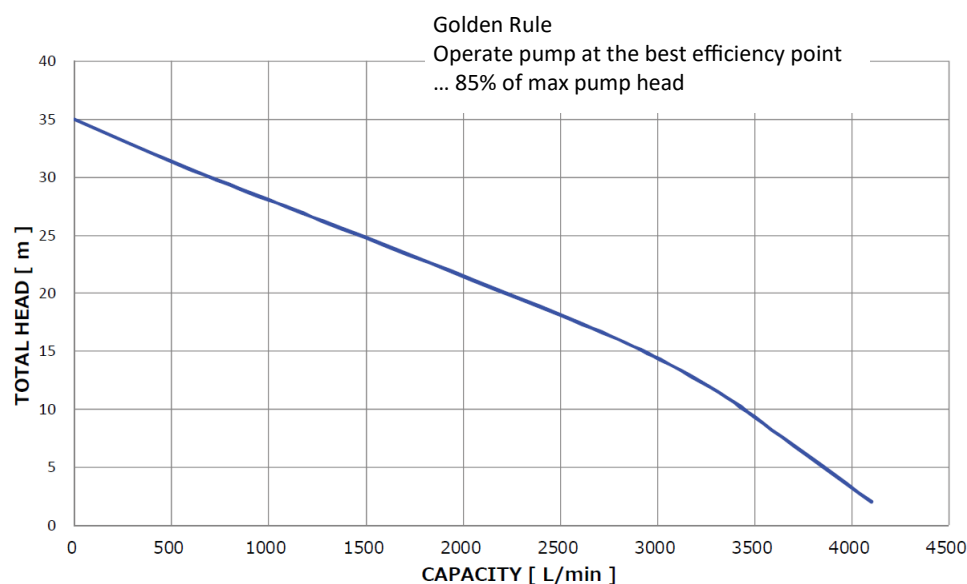

Dimensions: (mm)

Dry weight ... 680kg

Model	Engine	Type	Max Head (m)	Max Flow (lpm)	Suction Port	Discharge Port	Self primes to (m)	Solids to mm	RPM
